James/Gary,

As you can see from the note below R4 and R6 are starting to get support ready. Before we can move much further though we need to know how you want to handle command and control and funding. Will R4 and R6 be working under the FPN (or did Capt. Paradis opt for a PRFA) Gary has? Does R4 need to send an OSC to Roberts? Also does ATSDR need to call Capt. Paradis to discuss using Poison Control Centers?

Subject: ATSDR Support for BP Houston MCP

Jim,

The RRT Co-Chair Region 6 Coast Guard has requested ATSDR support for addressing odors associated with the gulf oil spill. They are requesting a petroleum FAQ sheet that they can refer too. In addition, the EPA has inquired on the use of Poison Control Centers in Louisiana to support citizen calls. Spoke with Bob Safay, ATSDR R4 and he reported y'all (ATSDR) are already working on this issue. In addition, Bob Safay has already notified the PCC's in his Region 4 on odor issues and the potential for PCC to receive public calls. Please keep me and George Pettigrew in your group emails. Thanks!!

Understand. Just got a call from Hanzalik asking for ATSDR assistance with public complaints about petroleum odors. Has USCG talked to your about that?

Craig

Please make sure you get USCG approval if you send Warren to Houston.

Gary

Warren,

You may be called upon to go to the BP command post in Houston tomorrow.
